vuilnis/
foulness

In a certain city,* where the girls are cute and pretty,
They have__ a raggy jazzy jazz-time tune.
When you hear that syncopated Jazz created melody
You__ could dance all morning night and noon,
When the slide trombone and moaning saxophone begin to play,
It__ will make you sad, 'twill make you glad.
Oh! Boy, What Joy,
Burn my clothes for I'm in Heaven

12th Street Rag, James S. Sumner

I might as well be singing my autobiography
Implicit that you wanted to hear it
And I don't want to point to my list of achievements you
Ought to just say it and mean it
Don't you misunderstand me
Autobiography
We take over any existing permission
And twist it til it's something that's useful
And I know that we can take it back after the moment
Unless you are dying to keep it
Say you believe
My Autobiography
I might as well be singing my autobiography
Implicit that you wanted to hear it
And I don't want to point to my list of achievements you
Ought to just say it and mean it
Don't you misunderstand me
Autobiography
Take or take me etc
